Balancing Massage

60 minutes \$80

90 minutes includes reflexology \$100

Our most popular massage infuses a combination of Swedish, medium and deep tissue to relieve tension, promote relaxation, increase circulation and bring relief to any sore, aching muscles. Your massage will be customized for best results.

Swedish Massage

60 minutes \$70

90 minutes \$95

This relaxing full-body massage is a spa classic, instilling a feeling of well-being. Our Massage Therapists adapt their pressure and technique to fit your needs for increasing circulation, reducing muscle tension and promoting relaxation. This is our lightest massage for those who need to unwind and relax.

Deep Tissue Massage

60 minutes \$90

90 minutes \$105

Deep compression techniques are used to manipulate muscles — relieving tension and bringing relief to sore aching muscles. This is our most therapeutic and deepest massage. Prepare time to relax after this therapy.

Hot Stone Massage

90 minutes \$120

Experience a luxurious and relaxing massage combined with deep heat therapy. This is a timeless healing technique, devised by native cultures, using smooth heated basalt stones to massage the body. The warmth from the stones deeply penetrates tissues, softening muscles, and providing complete relaxation.

Reflexology

30 minutes \$45

Through application of targeted pressure on specific areas of the feet, reflexology serves to relax tension, improve circulation and promote the natural function of the related area in the body. This treatment brings balance and a sense of positive well-being.

Maternity Massage with Reflexology

60 minutes \$90

Surrounded in comfort, with every part of the body supported, your massage will help alleviate discomfort associated with pregnancy and increase your sense of well-being. It is combined with gentle pressure-point reflexology for the ultimate mommy-to-be experience. This service is available during the 2nd and 3rd trimester of pregnancy.

Thai for the Table

90 minutes \$140

Although Thai Chi is traditionally done on a floor mat, our Table Thai is an adaptation for the Western massage table. It is not traditional Thai massage and will feel similar to Shiatsu, acupuncture, and yoga. There is an interactive manipulation of the body using passive stretching to free muscular and joint tension. Designed to be both relaxing and stimulating, Thai for the Table improves flexibility, reduces tension, stimulates internal organs, and balances the body's energy system.

Ear Candling with Pressure Point

Facial Massage

45 minutes \$50

You'll experience the century old practice of ear candling — relieving pressure, wax buildup and inner ear blockage. This soothing and relaxing treatment's benefits may include relief from sinusitis, headaches and inhalant allergies. Your treatment ends with a relaxing pressure point facial massage to aid in clearing your sinuses. Relax in a quiet area after this massage as your ears will be sensitive to sound.

In the best interest of our guests, our massage therapists have the right to refuse service to any guest that, in their professional opinion, needs medical treatments instead of massage therapy.
